Congratulations - you’ve been admitted to a graduate program at the School of Engineering & Applied Science (SEAS) at the George Washington University! Now you must begin the process to obtain a visa to study in the United States. Our office will work with you each step of the way to help you obtain an I-20 or DS-2019 form needed to request your F-1 or J-1 visa from the U.S. government. *Please note: Most students require an I-20 for an F-1 visa. If you require a J-1 visa, use the same steps below to obtain a DS-2019.

**STEPS TO OBTAIN A VISA**

1. **Respond to your admissions offer**
   Indicate your intent to enroll by clicking the "Reply to Offer" button on your admissions letter.

2. **Pay the $250 deposit online**
   Once we have received your intent to enroll, you will receive an email with instructions for how to pay the $250 deposit online. This amount is applied towards your first semester’s tuition bill and is non-refundable.
   
   ![Wait 2-3 business days for the system to process your deposit and for our office to confirm payment](image)

3. **Submit visa documents**
   Once your deposit is confirmed, our office will contact you by email to request the documents needed to obtain your I-20.
   
   - If you provided these documents with your application, they will be reviewed and you will be contacted only if changes are needed.
   - If you did not provide these documents with your application, you will be contacted by email with a list of documents that we need from you in order to begin the visa process.
   - All documents should be uploaded to your application portal or sent to engineering@gwu.edu.
**Wait 5-7 business days**

Once your documents are complete and approved by our office, they will be submitted to the GW International Services Office (ISO) to be processed for the creation of your I-20. This process takes approximately 5-7 business days, so please wait. If further information is needed from you, you will be contacted by email.

---

**I-20 received by SEAS; create shipping label**

Once your I-20 has been created by the ISO and picked up by our office, we will contact you by email with instructions on creating the shipping label needed to send you the I-20.

---

**Please note the following:**

- You are required to pay for the delivery cost of your I-20. The cost may vary depending on the courier and delivery rate that you choose.
- You may select only FedEx, UPS, or DHL as the courier to deliver your I-20.
- If you have been awarded funding from GW or a foreign government sponsorship, you do not need to pay the delivery cost. We will contact you with further instructions.

Once the shipping label has been created through the courier and received by our office, your I-20 will be sent. You will receive an email with a tracking number to track your I-20 delivery.

---

**Make an appointment for your visa interview**

In the same email containing your electronic I-20, you will also receive a Student Visa Application Guide from the ISO with helpful information for scheduling a visa interview at your local U.S. embassy or consulate.

- We strongly encourage you to schedule your visa interview soon after you receive confirmation of your I-20 being shipped. You do not need the I-20 in your possession in order to schedule the interview.
- Once your interview is complete, all remaining parts of the visa process will be managed by the U.S. government. Our office will not be able to provide any further information regarding your visa status or issuance.
