Spring 2020 Graduates!

If you are a visa-holding student who is planning on going home to complete your final semester outside of the US, make sure before you leave that you...

- Have applied to graduate, either online or using the paper form
- Will have access to all necessary software & online learning platforms in your home country
- Take care of any outstanding holds and financial balances on your student account
- Speak to your landlord and understand the consequences of leaving your housing situation
- Contact the ISO about how going home will impact your immigration status and OPT

**Please remember that you must successfully complete your final courses and meet all University graduation requirements in order to obtain your degree at the end of this term**
