

# GRADUATE CERTIFICATE IN ENVIRONMENTAL AND ENERGY SYSTEMS MANAGEMENT

Offered through the Department of Engineering Management and Systems Engineering (<http://emse.seas.gwu.edu>), the graduate certificate in environmental and energy systems management is designed to help students understand and implement environmental and energy management standards within organizations worldwide. The program is especially suited for working professionals in need of specialized knowledge of the standards, techniques, and testing of environmental and energy systems.

Specific admission requirements are shown on the Graduate Program Finder. (<http://www.gwu.edu/all-graduate-programs>)

Visit the program website (<https://graduate.seas.gwu.edu/environmental-and-energy-systems-management>) for more information.
