Transfer your credits. Get a master’s from

GEORGE WASHINGTON UNIVERSITY

Receive a Master of Science in Computer Science or Electrical Engineering from George Washington University (GW) using Beijing Normal University (BNU) course credit.

HOW IT WORKS

1. Apply and get admitted for the GW master’s program in Computer Science or Electrical Engineering.
2. Take three pre-approved graduate courses (9 credits) at the BNU College of Information Science & Technology and receive the equivalent of a B or higher in each course.
3. Transfer credits and take remaining courses (21 credits) at GW.
4. Graduate in 1.5 years with a master’s degree from GW.

BENEFITS

- Courses are pre-approved by BNU and GW
- No application fee
- Qualify for 24-month visa extension to work in U.S. after graduation
